**Achieve gender
equality and
empower all
women and girls**

Gender discrimination in the academic promotions to full professor in Italy

Marianna Filandri

University of Turin, Department of Cultures, Politics and Society

Marianna Filandri is Associate Professor in Economic Sociology at the University of Turin. Her main research interests concern social inequalities, in particular in the housing and labour market and among young people. In addition, more recently She has studied gender inequalities in academia, combining secondary analyses on administrative data and lab experiments.

Wednesday 21st Sept ore 17:00 (CET)

Room 3D-136, Campus Luigi Einaudi
